

Research Profile for Foundation Search Database Alberta and Northwest Conference

Alberta and Northwest Conference has a subscription to the Foundation Search data base of more than 10,000 foundations. In order for us to conduct research with the data base on your behalf, we require specific information on the project or program you are seeking funding for. We will use the information you provide to find possible matches between your program/project and the giving interests of potential funders. Because the database is quite large and complex, having detailed information on your program/project will better assist us to access specific information on funders that may be beneficial to you. Please answer the following questions as fully as possible.

If you have any questions, please contact Shelley Den Haan at 403-933-7719 or Shelleydenh@gmail.com
